## Box Tops Fundraising for Pine Hill

---

Box Tops – Big Changes This Year!

The Box Tops for Education program is changing the way we can earn cash for Pine Hill School! You may have noticed that over the summer, participating brands began to

change their packaging from the traditional Box Tops clip to the new Box Tops label.

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your store receipt using the new-and-improved Box Tops mobile app, available now. The new app enables you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online. **Be sure to download the new app or update your existing app today!** Please include your child's name and classroom when submitting on line in the 'credit' field.

If you still have traditional Box Tops clips at home, make sure to send them into school, in an envelope marked with your child's name and teacher's name. We will still earn cash for all clipped Box Tops until they expire. And better yet, you can "double dip" during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Stay tuned for more information about fun upcoming contests and ways to participate! Thanks for helping to support Pine Hill School!

## Reminders!

### Challenge Success Event: The Well Balanced Student October 16

Wednesday, October 16, 2019

6:30 - 8:30 pm

Mudge Auditorium, DS High School

Challenge Success School Program Director, Jon Kleiman, visits the Dover-Sherborn community to facilitate an engaging, interactive presentation of ***The Well-Balanced Student*** for K-12 parents and caregivers. When we are intensely focused on grades and performance, we mortgage our children's childhood for the sake of academics, denying our children the time and energy they need to tackle the demanding work of growing up.

Jon will contextualize his remarks based on input from last spring's Challenge Success

parent survey and Jon will also share recent research on college admissions and provide tools for parents to better support students through this process.

**Parents and caregivers will see the data and hear the solutions to effectively:**

- Establish a healthier, balanced home environment for school-aged children
- Dial down academic stress without sacrificing achievement, and
- Support student's overall resilience, well-being and readiness for life in college and beyond.

**RSVP preferred**, but not required.
